

Providing Clean Water, Hygiene, and Hope In East Africa.

Hydrating Humanity is a non-profit (501c3) Christian Humanitarian Organization working to help end the water borne disease crisis in Africa. Hydrating Humanity also supports the local economy by employing 23 Africans serving full-time as water technicians and hygiene educators in Kenya and Tanzania.

What We Do

We provide clean drinking water, hygiene education, and hope where it's needed the most – rural Africa.

Hydrating Humanity also has teams reaching people with “living water,” showing the Jesus Film to over 20,000 people annually and sharing the good news at our well dedication ceremonies.

"Over the last 17 years, Hydrating Humanity has partnered with individuals and companies here in the US to directly confront the waterborne disease crisis in East Africa. Our efforts have ushered in a new wave of health and joy to the Kuria people of Kenya and Tanzania, expelling the plague of premature death from waterborne disease. Simultaneously, the message of God's love and hope has echoed through the valleys and villages.

The positive effects are evident and **Hydrating Humanity has become known as a trusted and life-giving organization** that is serving the needy and lifting everyone higher. We would love to partner with you and your company to make an even greater impact together."

Why Partner with Hydrating Humanity?

In addition to the altruistic motivation to help others, companies that participate in and offer charitable contribution programs receive impactful benefits for their brand and their employees. Partnering with Hydrating Humanity as part of your corporate giving strategy can:

Help kids in Africa get clean water

Create a culture of giving back

Increase employee engagement & retention

Attract top talent

70 percent of employees say they would be **more loyal** to a company that helps them contribute to important issues.

All That We Need is You.

"As a company, we want to see our giving goals increase every year. Engaging our team, our local community and the world around us with ways we can make a difference is fundamental to our company philosophy. **Partnering with Hydrating Humanity has been extremely meaningful.** It doesn't get any more basic than making a significant impact by helping kids get access to clean, safe water."
